

## Tree Gift Certificates for all Occasions From 'Seeds of Hope, Trees for Tomorrow' Campaign

IBSAR's 'Tree Gift Certificate' program is a unique way to encourage people to contribute by giving tree gift certificates for many different occasions (birthdays, graduation, anniversary, holiday, birth, etc.). When you have trees planted for someone, you are giving them a gift that is unusual that shows you care and that will grow for years and that will establish a living and very personal connection between you, the recipient, and with Lebanon. Each tree gift certificate can be personalized in terms of recipient, sender and number of trees (minimum three trees equivalent to 21 USD) as the gift that keeps growing. Below is a sample of a few tree gift certificates available. **Every tree gift donation will allow IBSAR to gather seeds from the native trees in the wild and cultivate them at the AUB farm (AREC) and later plant them with care in Lebanese towns and villages in collaboration with IBSAR volunteers and local communities.**

Your kind donation will be recognized by AUB through an official receipt
